*The mission of Life Network is to cultivate a community
that values life through the love of Christ.*

Staff Nurse

Life Network seeks a compassionate professional staff nurse to provide support and care to Pregnancy Center clients and maintain professional standards of care. Under the supervision of the Colorado Springs Pregnancy Center (CSPC) Nurse Manager, the staff nurse is responsible for a variety of clinical services, nursing interventions, client referrals and medical follow-up. This position offers an individual a rewarding opportunity to minister in a dynamic and growing evangelistic ministry.

Responsibilities

- Maintains current working knowledge of nursing methods, principles, and practices in relation to: pregnancy, STDs, the prevention and treatment of disease, ultrasounds, safety and infection control, clinical systems, supplies, and equipment.
- Perform nursing services for the Pregnancy Centers, including but not limited to: pregnancy tests, STD tests, education, client follow-up, maintenance of accurate client records, review of client files, and maintenance of supply inventory.
- Schedule and perform limited ultrasounds.
- Maintain and promote clinic cleanliness and safety as stated in the Policies and Procedures.
- Assist with volunteer recruitment, training, supervision, and direct support.
- Help with program development.
- Assist Nurse Manager with administrative duties, and work in support of CSPC director. Assist other staff and help fill staffing vacancies.
- Assist Client Services staff with planning and implementation of in-service trainings and volunteer appreciation events.
- Attend and assist with all Life Network special events as directed by supervisors and event staff.
- Additional duties as assigned.

Job Requirements

- Possesses Christian testimony with evidence of Christian maturity.
- Has a passion for the ministry of Life Network and a heart for reaching people with the Gospel.
- Expresses full agreement with Life Network's Statement of Faith and Mission Statement.
- Demonstrates a teachable and flexible spirit and function well in team environment.
- Possesses Computer skills in the Internet and Microsoft office application, especially Word, Excel, and Outlook.
- Holds a current Nursing License in good standing with the State Medical Board and is CPR Provider Certified.
