Dear Mr. and Mrs. Donor,

The compassionate partners who support Life Network – you and other generous friends – are such a blessing. With each gift, your generosity accomplishes something truly meaningful, starting with the saving of innocent lives.

That’s why I’ve included a copy of our latest newsletter for you. I especially want to draw your attention to Emily’s story on Page 1 AND the good news on Page 4 about the wonderful result of your giving.

Your prayers and financial partnership are working together to ensure that despair doesn’t win out . . . that hope prevails for the women who come to us every day, facing the choice of whether to give life to their preborn babies.

When you’re done reading your newsletter, please consider giving again in these early days of 2024 to provide even more women with the free services that will help bring them to a decision for life – pregnancy testing, ultrasounds, compassionate care and so much more.

May God bless you for your generous heart, which is so much like His own.

Together in partnership,

Rich Bennett, President | CEO

P.S. As we navigate the new year, I want to thank you for your commitment to working together to save every life we possibly can. I hope you’ll give again now to save even more lives in 2024.

THE NEWSLETTER OF LIFE NETWORK

Pregnant AND homeless

Here's how you help women like Emily choose life and get off the streets

An unplanned pregnancy is very difficult in even the best of circumstances — a roof over your head, food on the table and supportive friends and family.

But what if you're homeless and have none of these?

That's what Emily (name changed for privacy) faced as a young woman who had lost her place to live. Fear, uncertainty and depression ruled her

life on the streets.

All alone in the world and without a clear path forward, she found herself at a terrible crossroads.

In the end, Emily was able to make a fateful decision: to seek help at the center.

What she encountered was not just guidance, but the warm embrace of compassion and profound connection that would dramatically change the

RICH'S MESSAGE

Supporting women here . . . and beyond

RICH BENNETT
President | CEO

We've just finished observing Sanctity of Human Life Month in January — a time to focus on the inestimable value of every human life, especially those of preborn babies.

It's breathtaking to consider that 60 million babies have been lost since 1973 through abortion.

Tragically, Colorado continues to allow abortion until birth, making us an abortion tourism state. More women than ever are searching online for abortion info about Colorado.

Thanks to our findability online, last year an incredible 30% of the abortion-minded women who called us seeking information were from another state. And 80% of those calls lasted over five minutes. That gives us the chance to hear a woman's story, share what is medically true, and connect her with a pregnancy center in her area. **So, when you support Life Network, you are not only saving lives in our state - but in surrounding states as well.**

Here locally, your gifts are helping women like Amber and Melissa who face pressure from others to have an abortion. You're helping provide the love, hope and compassionate care that empower them to choose life.

You're also providing opportunities for these women to meet Jesus — the author and giver of life.

The need for Life Network continues to grow. That means we'll need you — your prayers and financial support.

To God be the glory,

Pregnant and homeless: Emily's story

(Continued from cover)

course of her life forever.

Emily's journey took an unexpected turn when, during her visit to the center, an ultrasound scan revealed that she was further along than she had realized. Her stress was further compounded by a heartbreaking revelation she made to her patient advocate: Emily was illiterate. She couldn't read.

How, she wondered, could she ever take care of an infant?

Thankfully, the caring team at the center recognized the gravity of her situation and rallied to provide the support she needed to choose life.

Despite the big challenges she faced and her fragile state of mind, Emily clung to the only thing she had left: hope.

While her journey to confidence, stability and self-

sufficiency had just begun, the kind and dedicated team at the center walked alongside her the whole way.

As she carried her preborn child to term, Emily held tightly to the possibility of a better future for both herself and her baby — a future that had become brighter through the compassion and hope she discovered at the center.

Today, Emily is grateful for the assistance she received . . . made possible through the prayers and kind support of partners like you.

Thanks to you and so many other friends in our community, women are choosing life for their preborn babies, the good news of Jesus Christ is being proclaimed and precious lives are being saved. Thank you, and God bless you!

"... whatever you did for one of the least of these brothers and sisters of mine, you did for me."
